400Hz industrial sine wave inverters, 12 VDC 24 VDC or 48 VDC inputs, 114 VAC output

The SEA 150 400Hz sine wave static inverter is primarily designed for ...

The SEA 150 400Hz sine wave static inverter is primarily designed for military, ground and airborne instruments including compasses, gyros, radar and navigation equipment. Solid state ...

These rugged pure sinewave DC-AC inverter systems are available in rack mount, freestanding or wall-mount NEMA cabinet, and custom enclosure configurations to suit applications with tight ...

Our AC-output sine wave products are available with power ratings from 30VA to 15kVA, for 50Hz, 60Hz or 400Hz applications. These designs use proven microprocessor controlled high ...

Discover 400Hz pure sine wave inverters with CE certification, ideal for aviation, industrial, and radar systems. High efficiency, low THD.

These compact sine wave inverters are cooled by conduction and natural convection - no fans required. High voltage DC-AC sine wave inverters accept wide input ranges of 450V to ...

These rugged pure sinewave DC-AC inverter systems are available in rack mount, freestanding or wall-mount NEMA cabinet, and custom enclosure ...

400HZ sine wave inverter

The SEA 150 400Hz sine wave static inverter is primarily designed for military, ground and airborne instruments including compasses, gyros, radar and...

The SC100 is a lightweight 400Hz static inverter. This model utilizes the latest state of the art, solid state circuitry to invert a 28 Vdc input to a 115 Vac, 400 Hz sine wave output.
