What is a GreenWorks 80v high current battery?

Greenworks 80V high current battery provides the power you need for maximum performance. On-board battery fuel indicator allows for on-demand reference of remaining power. Battery delivers fade-free power with no memory loss after charging. Compatible with all Greenworks 80V tools, including blower, trimmer, hedge trimmer, and lawn mower.

What tools are compatible with GreenWorks 80v?

Compatible with all Greenworks 80V tools, including blower, trimmer, hedge trimmer, and lawn mower. Media Carousel - Carousel with product photos.

What is the difference between a high current battery and a 80v battery?

The difference between batteries of the same voltage is the ampere-hour (Ah) rating. The higher the ampere-hour (Ah) rating on the battery is the more run time it has to offer. Greenworks 80V high current battery provides the power you need for maximum performance. On-board battery fuel indicator allows for on-demand reference of remaining power.

What is a replacement Kobalt 80v battery?

Replacement Kobalt 80V Lithium rechargeable battery. Compatible with many 80V Kobalt tools, such as trimmers, chainsaws, leaf blowers, and more. Replacement batteries and accessories have the comparable performance standards as OEM batteries but are significantly cheaper. Why? Simply carrying a brand name on a product makes it more expensive.

Shop Greenworks 80-Volt 8 Ah, Lithium Ion (li-ion) Battery LB8080 in the Cordless Power Equipment Batteries & Chargers department at Lowes

The 80V, 2.5AH Lithium Ion Battery works well and provides reliable power for my Greenworks 24" snow thrower. It is good for 3/4 of an hour of output to remove our normal 4-6" of snow.

Landscaping has never been easier with Greenworks pro 80V system. The most powerful cordless battery
