-----

Wind and solar photovoltaic energy are the fastest growing sources of electricity in Canada, while biofuels and electric vehicles also play an important role in reducing the climate impact of ...

1965 - New Canadian flag is adopted, replacing one incorporating the British flag. 1967 - Expo 67 in Montreal provides impetus to Canadian national identity.

Canada has fallen far off-pace in the international solar power race, with a scant 1.3 per cent of the country's electricity production flowing from photovoltaic (PV) plants last year, ...

The Canadian PV market has grown quickly and Canadian companies make solar modules, controls, specialized water pumps, high-efficiency refrigerators and solar lighting systems.

In general, many Canadian cities have a solar potential that is comparable internationally with that of many major cities. For instance, about half of ...

According to the Canadian Renewable Energy Association (CanREA), the wind, solar, and energy storage sectors grew by 46% during the past 5 years (2019-2024) to a new total installed ...

As a result, the preservation of a distinctly Canadian culture is supported by federal government programs, laws, and institutions such as the Canadian Broadcasting Corporation (CBC), the ...

History, politics, arts, science & more: the Canadian Encyclopedia is your reference on Canada. Articles, timelines & resources for teachers, students & public.

Canada's total wind, solar and storage installed capacity grew 46% in the past 5 years (2019-2024), including

nearly 5 GW of new wind, 2 GW of new utility-scale solar, 600 MW of new on ...

"The central fact of Canadian history," observed the 20th-century literary critic Northrop Frye, is "the rejection of the American Revolution."

Some renewable energy sources are variable (e.g., solar or wind electricity generation may depend on the sun shining or the wind blowing). To address these variable generation trends, ...

Canadian law prohibits the unlawful importation or trafficking of controlled substances and narcotics. Smugglers risk substantial fines, a permanent bar from Canada, ...
