-----  
Does Solis have an off-grid battery energy storage system in Myanmar?

Solar tech leader Solis is making waves in Southeast Asia with its new energy solution -- an off-grid Battery Energy Storage System (BESS) in Myanmar.

Who owns Sino-Myanmar power station?

The Sino-Myanmar power station is owned by the Yunnan company, which holds 80pc of the joint-venture. The company will be fully in charge of the project construction, operation, and management for 40 years after its completion, and then transfer it to the Myanmar government.

How will electricity be supplied in Myanmar?

Electricity will be supplied for local use in accordance with the ratio of shares held by Myanmar in the joint-venture company. The agreement to set up this company is an important step in the implementation of the project. (BKK Post, 18/12/02)

What are the energy units used in Myanmar?

The existing installed capacity is also included in the questionnaire in megawatts (MW). The Myanmar EBT 2000-2016 adopted the energy unit of ton of oil equivalent (toe). One unit of toe is defined as 107 kl (41.868 GJ). There are two heat values: one is NCV and the other is gross calorific value (GCV).
