From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Utilizes LiFePO<sub>4</sub> (LFP) batteries for superior energy density, long cycle life (6,000+ cycles), and thermal stability. Modular design allows for easy capacity expansion (from 50kWh to 1MWh+) ...

Meta Description: Discover how Nassau DC energy storage equipment enables smarter power management across industries. Explore technical advantages, real-world applications, and ...

Our solutions are ideal for commercial, industrial, and renewable energy projects, offering both pre-configured all-in-one ESS cabinets and customizable modular designs.

Especially in remote areas and off-grid environments, how to effectively manage and store energy has become a key issue. The emergence of outdoor cabinet energy storage ...

That's exactly what the Nassau Independent Energy Storage Project aims to achieve. As one of North America's most ambitious battery energy storage systems (BESS), ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel ...

Enhance power system stability | Smooth out the intermittent output of renewable energy by storing electricity and dispatching it when needed. Optimizing the use of renewable energy | ...

KonkaEnergy Cabinets & Racks Collection - Engineered for secure and efficient energy storage, our battery
