---

Batteries are getting bigger in Finland. The new 1 MW sand battery has a precursor. The battery's thermal energy storage capacity equates to a big cogeneration plant, a leading utility-scale renewables ...

Enter Finland's new energy storage box company - the Nordic answer to sustainable power solutions that's turning heads from Lapland to Silicon Valley. Let's unpack ...

Battery Energy Storage Systems (BESS) lead the Nordic energy storage market in 2025, making up about 40-50% of the total market value. Lithium-ion technologies head this ...

From advanced storage solutions to nuclear innovation, learn how technological breakthroughs are paving the way for a more flexible, ...

Under the partnership, KP Energy will distribute Polarium's home energy storage system, Polarium Home, to its key partners ...

From advanced storage solutions to nuclear innovation, learn how technological breakthroughs are paving the way for a more flexible, efficient and sustainable energy future.

The project will add 70 MW/140 MWh of storage capacity to SEB Nordic Energy's Finnish portfolio, which already includes wind and hydropower. Located in Nivala Municipality ...

As the Nordic countries push forward with rapid electrification and record-breaking renewable energy development, a new structural necessity is emerging in the energy system: ...

Recently-formed energy storage developer Ingrid Capacity is building a 70MW battery storage facility in Sweden for a delivery date as early as H1 2024, the largest planned in the Nordic ...

Oslo's chosen manufacturers like Nordic Battery Solutions use phase-change materials that maintain optimal temperatures without energy-draining HVAC systems. Their latest box design ...

Under the partnership, KP Energy will distribute Polarium's home energy storage system, Polarium Home, to its key partners throughout the Nordics. Through this collaboration, ...

Ingrid Capacity, renowned for optimizing grid-scale battery storage and flexible assets across Europe, entered a strategic partnership with SEB Nordic Energy in September ...
