Buy or hire Solar Powered Shipping Containers in Australia. New & used, fast delivery, top prices. Get a free quote today.

Size & Type - 40ft and High Cubes cost more than standard 20ft units. Condition - New (one-trip) containers are more expensive than used or refurbished. Delivery Location - Remote or ...

While container prices stabilized, the ripple effect continues. A standard 40HC container that cost \$3,500 pre-2023 now averages \$4,200 - and that's before adding solar components.

Thinking of going solar and want to know how much it will cost to ship those panels in a shipping container?

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Request a free quote today! Our large range of new and used 40ft shipping containers are available at all of our Australian depots, and can be delivered anywhere across the country via ...

We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions.

With Modbox, you get a streamlined, cost-effective service with no middlemen. You work directly with us from container purchase to final delivery, keeping things simple and affordable.
