Onyx Solar's glass has been integrated into the facade of the Elipse Tower in Santo Domingo, Dominican Republic. The facade was constructed using ...

In addition to the generation of electricity, our glass products are also used in solar applications that generate hot water. We have been closely ...

Our extra clear solar glass offers superior solar energy transmittance and is stable under solar radiation. It also survives harsh environmental ...

PROJECTS BY ONYX SOLAR Explore below some of the buildings that have integrated our innovative PV building materials and see how we're ...

1.1 mm thick aluminoborosilicate glass substrate with a 10 ?/sq fluorine doped tin oxide coating on one side. Solaronix is active in the area of renewable energy and has a leading position in ...

Solaronix provides a variety of conductive substrates suitable for Perovskite Solar Cells, Dye Solar Cells, or any other photo-electrochemical devices. ...

In Santo Domingo's tropical climate, where sunshine is abundant year-round, photovoltaic curtain walls are emerging as a smart solution for shopping malls. These systems combine energy ...

StonyLab conductive glass with FTO & ITO coatings for solar cells, sensors & displays. High transparency, low resistance. 10% off 1st order, free US shipping, 24/7 service.

To maximize total year-round production from solar PV at this location it's recommended that fixed panel installations are tilted at an angle of 17 degrees facing south.

StonyLab conductive glass with FTO & ITO coatings for solar cells, sensors & displays. High transparency, low resistance. 10% off 1st order, free US ...

PROJECTS BY ONYX SOLAR Explore below some of the buildings that have integrated our innovative PV building materials and see how we're revolutionizing sustainable architecture ...

EcoDirect designs and supplies solar + battery projects in the Dominican Republic. Our team has the tools and experience to get your next project designed and delivered.
