---

A pulley system is attached to the top of the ladder. A patented module "hook" attaches to the edge of a PV module frame and prevents lateral sliding of the module in the hook.

The system aids in reducing installer fatigue and complies with OSHA ladder safety standards. Setting up the system takes less than 5 minutes and is performed by one person, reflecting its ...

The 3S LIFT Ladder Hoist System is a portable solution for lifting heavy & oversized materials, like CMU/Ballast Block and Solar Panels/Modules, vertically to the rooftop hands-free.

Safely and easily lift solar panels to the roof with the ladder-pulley system. This compact and simple-to-operate module lift system eliminates the need for heavy lifting as well as minimizes ...

This innovative tool enables you to lift solar modules to the roof with ease and precision, making installation faster, safer, and more efficient. With its ...

The Fluke PV Module Lift is designed to make solar panel installation faster, safer, and more efficient. With a lightweight yet rugged build, it sets up in under five minutes by a ...

This innovative tool enables you to lift solar modules to the roof with ease and precision, making installation faster, safer, and more efficient. With its compact design and simple operation, ...

Users can safely and quickly transport a photovoltaic (PV) to a roof, streamlining the installation process of solar panels. With the compact design and simple operation, this system is ideal for ...

The Fluke PV Module Lift is designed to make solar panel installation faster, safer, and more efficient. With a lightweight yet rugged build, it sets up in under five minutes by a single person ...

Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a space-saving way to reach inaccessible loading areas.

Specially designed with a custom carrier that functions as a cargo ...

A pulley system is attached to the top of the ladder. A patented module "hook" attaches to the edge of a PV module frame and prevents lateral ...
