-----

The communication base station installs solar panels outdoors, and adds MPPT solar controllers and other equipment in the computer room. The power generated by solar energy is used by ...

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.

The cabinet protection level is IP55 and the salt spray time is 500 hours. It can be used in a variety of harsh outdoor environments. Complete lightning protection grounding system; the ...

The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years. Pre-fabricated containerized solutions now ...

The cabinet is made of lightweight aluminum alloy, allowing for manual transportation. It supports factory prefabrication and can be lifted and installed as a whole unit

Highjoule HJ-SG-R01 Communication Container Station is used for outdoor large-scale base station sites. Easy to Transport The cabinet is made of lightweight aluminum alloy, allowing for ...

EK-SG-R01 is a large outdoor base station with large capacity and modular design. This series of products can integrate photovoltaic and wind clean energy, energy storage batteries, and ...

Highjoule HJ-SG-R01 Communication Container Station is used for outdoor large-scale base station sites. Communication container station energy storage systems (HJ-SG-R01) Product ...

Highjoule HJ-SG-D03 series outdoor communication energy cabinet is designed for remote communication
