Where can I buy an inverter in Australia?

Share contact information, store details, and brand content with your customers. Inverter.com.au is the online inverter store for Australia's best inverters. Suppliers of quality inverter, sine wave inverter, inverter charger, solar inverter and off grid solar systems, power inverter technology for over 20 years.

How much does a 50kw Solar System cost in Australia?

For a more exact figure, contact our specialists for a free quote. For commercial 50kW solar systems in Australia you will be looking at starting prices of \$45,000 to \$50,000 after rebate, excluding GST. For higher quality components from top tier manufacturers with highly efficient inverters the prices will start from \$55,000.

What are the best solar inverter brands in Australia?

The best solar inverter brands in Australia are Fronius, SMA, Q CELLS, SolarEdge, Enphase, SunGrow, GoodWe, and Huawei. Each brand has unique features, pros, and cons that will suit different solar PV system requirements. Although each has a competitive advantage, the best solar inverter brand for one is not necessarily the best for another.
